

Use of certificate and certification logo

This document applies for use of certification logo of all kinds of **Management System certificates** issued by Nemko Scandinavia AS. If the holders of Nemko Scandinavia AS Management System certificates want to use certificates and/or certification logo in their enterprise, the rules given in this instruction must be followed.

Use of certificates

Certificates issued by Nemko Scandinavia AS shall only be used for business purposes and in a way that makes it clear that the certification relates to the management system and not to products or safety related issues.

Usually only one electronically certificate is issued per language. The holder of the certificate is allowed to duplicate the certificate according to following instructions:

- The certificate may be copied and/or scanned in black/white or in original colours.
- The size of the certificate copy must large enough for the Certification Body's number to be readable (see page 2 for details for the numbering).
- The certificate must be copied/ described in a way that the whole certificate are reproduced/ illustrated.
- The certificate can be totally reproduced/illustrated in marketing material, on web-sides and other general documentation.

If the certificate holder wants a paper copy of the certificates, this can be issued with the current rate for issuance of paper copy certificates for Nemko Scandinavia AS.

Use of logo

Certification logo

The certification logo:

- Consists of the N-Mark and the Norwegian Accreditation (NA) logo and Nemko's accreditation number, MSYS 001.
- The certification logo shall always be used in its entirety, and NA's logo cannot under any circumstance be used alone.

The certification logo shall not:

- Be used on calibration certificates, test reports, certificates or resembling documents
- Be used on/or in connection with products, products packaging or in any way be related to the product.
- Be used in connection/refer to products/services which are not included in the certification
- Be used on non-accredited certification systems/arrangements
- Be used non vehicles

The holder of the certificate can:

- Use the certification logo on their letters, marketing materiel, business documents etc, but always in such a way that it is clear that the certification is related to their Management System
- Use the certification logo in imprinting/relief versions or as water marks

Certification logo colours and size:

Following colours shall be used in the certification logo:

- Nemko's ring logo: PMS 281
- Norwegian Accreditation (NA) logo: Shall be reproduced with a conventionalized "N" with PMS 485 (in 4 colour print "N" should be printed in 100% magenta – 100% yellow)
- Alternatively, the certification logo may be printed in all black or at a dark background, in all white.

Sizes for the certification logo:

- The size must never be larger or more marked than the company's logo
- The size must always ensure that Nemko's accreditation number is readable

Minimum size for the certification logo is 18 mm x 27 mm. If the size is increased the proportions should be maintained.

When referring to or using the certification logo in other contexts, this must be agreed upon/approved by Nemko Scandinavia AS in advance. References to and use of Nemko's certification and/or logo must not be presented in a way that undermines trust in Nemko and/or the certification schemes.

If the certification is withdrawn, all use of the certificate and/or logo must cease immediately.
